6 marks	<b>Good response</b> Good standard which meets most of our requirements
4 marks	<b>Average response</b> Acceptable response provided with limited evidence provided of meeting our requirements
2 marks	<b>Poor response.</b> The response provided is of a poor standard and gives cause for concern over the ability to fulfil the requirements
0 marks	<b>Very poor response</b> An unanswered response or a response that does not fulfil the requirement in any way

There will be a minimum threshold of 50% on the overall quality scoring unless otherwise stated in the quote/tender pack. Suppliers failing to reach this minimum threshold will be rejected.
